Title

Multigenerational effects of the 1918-19 influenza pandemic on educational attainment: Evidence from Sweden

Presenting author:

Andre Richter
Swedish Institute for Social Research, Stockholm University

Abstract No 40**Title**

Income inequality among heart attack patients, a decomposition approach to survival data.

Presenting author:

Søren Toksvig Klitkou
University of Oslo

Abstract No 41**Title**

Risk perceptions, protective behaviour and tick-borne diseases

Presenting author:

Daniel Slunge
Department of Economics, University of Gothenburg

Abstract No 43**Title**

Too young to die: Regression discontinuity of a two-part minimum legal drinking age policy and the causal effect of alcohol on health

Presenting author:

Gawain Heckley
Health Economics Unit, Department of Clinical Sciences, Lund University

Abstract No 44**Title**

Patient selection and quality differences in orthopedic patients among private for-profit and public hospitals

Presenting author:

Geir Hiller Holom
University of Oslo

Abstract No 47**Title**

Alcohol consumption and long-term labor market outcomes

Presenting author:

Terhi Maczulskij
Labour Institute for Economic Research

Abstract No 50

Title

The Effect of Financial Incentives to Reduce Adverse Events in the Hospital

Presenting author:

Søren Rud Kristensen
University of Manchester

Abstract No 51

Title

Myocardial Infarction, Antidepressants and Health

Presenting author:

Mattias Öhman
Department of Economics, Uppsala university

Abstract No 53

Title

Socioeconomic and geographic disparities in healthcare utilization among patients with psoriasis and psoriatic arthritis – a population-based register study with linkage to survey data

Presenting author:

Sofia Löfvendahl
Department of Orthopedics, Clinical Sciences Lund, Lund University, Lund, Sweden

Abstract No 54

Title

The Effect of Multi- and Bilateral Debt Relief on Infant Mortality in 25 Heavily Indebted Poor Countries: Evidence from Micro Data

Presenting author:

Anna Welander
Department of Economics, Lund University

Abstract No 55

Title

Intergenerational Influences on Cognitive Functioning: The Effect of Grandchildren on Mental Performance in Old Age

Presenting author:

Annette Bergemann
University of Bristol and IFAU

Abstract No 56**Title**

A Norwegian 15D value algorithm
Which aspects of health-related quality of life are most important to Norwegians?

Presenting author:

Yvonne Anne Michel
University of Oslo, Department of Health Management and Health Economics

Abstract No 57**Title**

Quality gains and losses of health care regionalization: Evidence from maternity clinic closures in Sweden

Presenting author:

Daniel Avdic
CINCH-Health Economics Research Center

Abstract No 58**Title**

The relation between time and risk preferences and health related behavior – the case of diabetes

Presenting author:

Trine Kjær
COHERE, University of Southern Denmark

Abstract No 59**Title**

The effect of statin treatment on survival and use of hospital resources

Presenting author:

Lien Nguyen
Centre for Health and Social Economics – CHESS, National Institute for Health and Welfare

Abstract No 60**Title**

Socioeconomic equity in revascularisations and in mortality among AMI patients in Finland

Presenting author:

Unto Häkkinen

Centre for Health and Social Economics – CHESS. National Institute for Health and Welfare, Helsinki, Finland

Abstract No 61

Title

Is elevated hospital mortality at weekends a supply or a demand side phenomenon?

Presenting author:

Matt Sutton
University of Manchester, England

Abstract No 65

Title

Does reference price system boost competition in the pharmaceutical market?

Presenting author:

Hanna Koskinen
The Social Insurance Institution, Research Department

Abstract No 66

Title

PROVIDER CONCENTRATION IN MARKETS FOR PRIVATE PHISICIAN SERVICES IN FINLAND

Presenting author:

Riina Hiltunen
Turku University

Abstract No 67

Title

Chronic patients and choice of GP

Presenting author:

Anastasia Mokienko
Department of Health Management and Health Economics, University of Oslo

Abstract No 68

Title

Ethical Compensation for Living Donations of Organs, Tissues, and Cells: An Unexploited Potential?

Presenting author:

Nikolaj Siersbæk
Department of Business and Economics & Centre of Health Economics Research (COHERE),
University of Southern Denmark.

Abstract No 69

Title

Parental Job Displacement and the Human Capital Development of Children

Presenting author:

Helena Svaleryd
Uppsala University

Abstract No 72

Title

THE COST OF CARE CONTINUITY. INVESTIGATING THE ROLE OF HAVING A REGULAR SOURCE OF CARE FOR PHARMACEUTICAL CONSUMPTION IN SWEDEN.

Presenting author:

Margareta Dackehag
Lund University

Abstract No 73

Title

Health Insurance and the Labor Supply Decisions: Evidence from China's Urban Resident Basic Medical Insurance

Presenting author:

Wei Si
PhD student at the Department of Economics at Stockholm University

Abstract No 75

Title

A laboratory study of competition between physicians

Presenting author:

Burkhard Hehenkamp
University of Paderborn

Abstract No 76

Title

The income elasticity of dental care

Presenting author:

Gabriella Chirico
Dep. of Economics, UU

Abstract No 77

Title

Is part-time sick leave helping employees with reduced work capacity?

Presenting author:

Daniela Andren
Örebro University School of Business
